

The *Innovation* Project

An exciting, novel approach to nurturing creativity,
generating new products and services, diversifying companies,
and generating new wealth and prosperity in any country

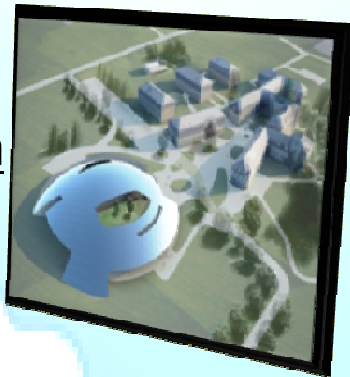

Part 1: Inventor Training Courses

Part 2: Unique Inventions Exhibitions

Part 3: National Innovation Centers

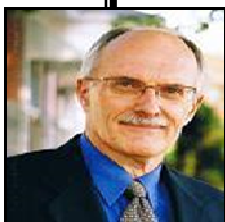

Features

- *interlinked, co-operative, fully supportive approach
- * Stand alone option, each can achieve its own goals
 - * Multiple streams of income in each part
- *maximizes chances of getting inventions to markets
 - * Immediate income, highly profitable
 - * Extraordinarily secure investment

Our Successes!

- 90 graduate children inventors ages 10-18, over 150 adult inventors educated in the Inventor Training Course
- 3 children's inventions exhibitions in Canada
- 4 adult inventions exhibitions in Canada - over 130 companies have participated
- Great Canadian Inventions Shows have international recognition in Korea, Taiwan, Iran, Georgia (Russia), USA, more
